EDUCATION

Ilocos Sur Polytechnic State College

2021 - 2025

Bachelor of Science in Information Technology

- International Student Exchange Excellence Awardee (June 2025)

SKILLS & INTERESTS

- **Skills:** MongoDB, React, Expressjs, Nodejs, Tailwindcss, ShadCN, DaisyUI
- **Interests:** Guitar; Video Gaming; Improving Coding; Building Stuff;

PROJECTS

Allkits (E-commerce Site)

- **Stacks:** MongoDB, React, Expressjs, Nodejs, Tailwindcss
- Developed a full stack e-commerce web application that allows users to browse products, manage their cart, and perform a mock checkout. Implemented authentication, product management, and order tracking.

Jobfu (Job Listing Site)

- **Stacks:** MongoDB, React, Expressjs, Nodejs, Tailwindcss, ShadCN
- Built a full stack job board application that allows users to browse, apply, and manage job listings. Implemented JWT authentication, role-based access (Employer vs Job Seeker), and CRUD operations for jobs and applications. Designed a responsive frontend with React, Tailwindcss, and ShadCN, while the backend uses Nodejs, Expressjs, and MongoDB for efficient data management and dynamic interactions.

Todo App (Task Management App)

- **Stacks:** MongoDB, React, Expressjs, Nodejs, Tailwindcss, DaisyUI

- Developed a full stack task management with a built-in focus timer to boost productivity. Implemented a JWT based authentication and backend middleware to secure user tasks using Nodejs and Expressjs. Built a responsive front end with React, Tailwindcss, DaisyUI.
